

The Great British Citizenship PUB QUIZ

You may think you know everything about being British, but would the government agree? Could you pass the British citizenship test?

The British citizenship test is a rite of passage for anyone wanting to live in the UK and is taken by over 100,000 people each year. The test is designed to test the applicant's knowledge of life in the UK. Despite all applicants needing to have lived in the UK for at least five years, the pass rate is low – one in three candidates fail the test.

This nationwide pub quiz is being carried out to encourage debate and awareness about the test. We are also interested to find out how many native Brits are able to pass.

Instructions
